WINHIGH®

A Great Catch

Keppel

Features

The Keppel Hook draws its inspiration from ancient hooks found in north-eastern Australia. Carbon dating confirms the traditional fishing hooks found on Keppel Island are some of the oldest unearthed in Australia.

The traditional owners of Australia were heavily dependent on the sea, and their fishing techniques developed thousands of years ago. Winhigh acknowledges the incredible talents and resilience of the traditional owners of Australia, and the Keppel Hook and Ring family pays tribute to them.
